One of the world's most beloved tales of all time, Alice in Wonderland tells the story of a girl lost in a world nothing like her own, but strangely paralleled to the reality that we all know. Young actors will be trained in stage technique and character development. Workshops will include a variety of theatre games to improve on stage skills. All students receive roles which will challenge their level of skill and allow them to develop confidence with the success of performance. Performances will be outdoors, on Clark Island in downtown Batavia in cooperation with Batavia Main Street, and will be free to the public.
